

Backpack Connections

Connecting Hope 4 Families

- Backpack Connections partners with LifeTotes.org, ordering backpacks handcrafted in Cambodia by those who've been rescued from the sexual and/or slave labor trade.
- The bagmakers sew the backpacks in their homes, NOT in a factory. The backpacks are shipped to us and then are given freely to students in Tuscaloosa City and County schools.
- A portion of the purchase price is reinvested back to help Cambodian students.
- In Cambodia, one school has been built through the partnership of Backpack Connections, Tuscaloosa and LifeTotes, Atlanta. Educational materials have also been provided.
